**Mou Chi : Lawyer StepsCore Courses for Civil and Commercial Legal Services for New Lawyers (Chinese Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lawyer StepsCore Courses for Civil and Commercial Legal Services for New Lawyers (Chinese Edition):

This book, combined with the more than ten years of practical experience of the author, makes professional and systematical introduction to the basic practice skills that shall be learned and comprehended in the practice course of the lawyer from the several aspects, namely, the methods and techniques of lawsuit case agency in the form of cases,

the document composition related to lawsuit cases, the composition of complicated contract and the archive of the files, etc. It is a good textbook for those who just pass the national judicial exams and is about to undertake the position of lawyer and it is considerably referential to the new lawyers and even the experience lawyers.
