A great read By Dodgie59 what a great read. i have read a few books this past year ready for uni, and this is up there as one of the best 1 of 1 people found the following review helpful. Excellent introduction to English Legal System By Armando-Malwani This is an excellent introduction to the english legal system. It also happens to be the primary text for the University of London's LLB programs class on common law reasoning and institutions. It is highly readable and provides an excellent overview of the legal method and gets you to start thinking like a lawyer. I highly recommend it to any budding lawyer or anyone who is just curious about

the law.

Learning Legal Rules brings together the theory, structure, and practice of legal reasoning in a readily accessible style. The book explains how to uncover and exploit the mysteries of legal materials. This is then used to draw the student into the techniques of legal analysis and argument and the operation of precedent and statutory interpretation. Throughout the book the authors also examine the importance of human rights and the permeating influence of EC. The seventh edition of this well-established text has been fully updated and includes a new chapter on legal writing to help students prepare for their essays and exams. In line with modern teaching practices, there is further guidance on the use of online legal resources, while the material on the accompanying web site has also been expanded. Online Resource Centre For students: Guidance on essay writing Guidance on answering legal problems Self-test questions Guidance notes on statutory interpretation and case law analysis Web links For lecturers: Seminar problems Test bank Diagrams from the book

from previous edition: "The authors have conceived an expansive yet straightforward, a detailed yet highly readable, examination of the vagaries of legal method both in theory and in practice." --New Law Journal "...books like these are such a godsend. This is an excellent text." --Lex Magazine, 2005 About the Author James Holland is a Barrister, Professor of Legal Method and Employment Law, and Head of Bristol Law School.
