Bridgit C. Dimond : Legal Aspects of Pain Management (Legal Aspects of Health Care) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Legal Aspects of Pain Management (Legal Aspects of Health Care):

This book is written for the many health professionals from a wide range of specialities nurses, doctors, physiotherapists, pharmacists, complementary therapists, etc. who are involved in pain management; and also for patient groups, relatives, managers, lecturers and others who have to deal with many complex legal issues relating to pain management. The text provides a succinct, useful basis from which practitioners and others can extend their

knowledge of the law for the protection of their patients, their colleagues and themselves.

About the Author Bridgit Dimond is Emeritus Professor of the University of Glamorgan.
