consulting.2 of 2 people found the following review helpful. Legal Nurse Consulting: Principles and Practice, second edition By Christine Callahan This is just a re-hash of the first edition (they took the first edition and split it into two books) and does not go with the course as the first edition does.0 of 0 people found the following review helpful. Just what I needed! By Vickie Belt Great textbook on a little known field.

Designed to meet the needs of both novice and advanced practitioners, the first edition of Legal Nurse Consulting: Principles and Practice established standards and defined the core curriculum of legal nurse consulting. It also guided the development of the certification examination administered by the American Legal Nurse Consultant Certification Board. The extensive revisions and additions in Legal Nurse Consulting: Principles and Practices, Second Edition make this bestselling reference even more indispensable. The most significant change is the inclusion of 15 new chapters, each of which highlights an important aspect of legal nurse consulting practice: Entry into the Specialty Certification Nursing Theory: Applications to Legal Nurse Consulting Elements of Triage for Medical Malpractice Evaluating Nursing Home Cases Principles of Evaluating Personal Injury Cases Common Mechanisms of Injury in Personal Injury Cases ERISA and HMO Litigation The LNC as Case Manager Report Preparation Locating and Working with Expert Witnesses The Role of the LNC in Preparation of Technical Demonstrative Evidence Marketing Growing a Business Business Ethics Legal Nurse Consulting: Principles and Practices, Second Edition presents up-to-date, practical information on consulting in a variety of practice environments and legal areas. Whether you are an in-house LNC or you work independently, this book is your definitive guide to legal nurse consulting.

About the first edition: As the legal nurse consultant's core reference text, this book defines the knowledge base of the specialty. This text is the authoritative resource that every LNC or nurse interested in this field should have on hand, to refer to time and again - American Association of Legal Nurse Consultants
