From Routledge-Cavendish : Legal Research: How to Find and Understand the Law (LEGAL SKILLS SERIES) before purchasing it in order to gage whether or not it would be worth my time, and all praised Legal Research: How to Find and Understand the Law (LEGAL SKILLS SERIES):

Many students and first-time practitioners may know of certain legal textbooks which cover a certain area, but do not know where to look to update the knowledge these books provide. Similarly, a legal problem may arise which is not

generally covered by such books. This work deals with how to find the answers, how to update an answer, how to discover if those cases have been applied since judgement was given, how to find statutes and regulators, and how to research and understand the law.

A clear concise text which explains all the main areas of legal research well. -- L Garley, De Montfort University
