the highest star rating.3 of 3 people found the following review helpful. Like all West's Nutshells, you really can't go wrongBy Asradell purchased this book to give me a refresher to take a certification exam as a paralegal. It gave me all that and then some. I highly recommend this to any law school or paralegal school student who needs a good, thorough overview of the legal research process and resources.0 of 0 people found the following review helpful. great seriesBy Maggie AI have had really good experience with all the Nutshell publications. I highly recommend this as a quick legal reference resource.

The electronic revolution has made legal research faster and more accessible. This comprehensive guide begins with case law and statutes, and then expands to secondary sources and other research tools. Expert authors explain the investigative process using online databases, CD-ROM, and Internet-based resources. Discussion also includes international and comparative law materials.
