Michael D.Murray, Christy H.DeSanctis : Legal Research Methods (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Legal Research Methods (University Casebook Series):

This book focuses on legal research tools and the theory and practice of legal research written from a practitioner's perspective. It discusses planning for research and performing research, and provides criteria for determining when you are finished with your research. It has sample research plans for tight budgets in terms of time or expense, and its

process-oriented methodology is designed to maximize research results in the most economical ways.
