**Dianna L. Noyes : Legal Research Scavenger Hunt Workbook: South Central Region** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Legal Research Scavenger Hunt Workbook: South Central Region:

This new regional workbook series provides practical assignments on both the federal and state levels to complement most research books on the market. Each workbook begins with a federal section with exercises that give students practice researching federal cases, statutes, regulations, and procedures. The second part of each regional workbook will feature state-specific exercises for that region. For example, the South Central Region will include state specific exercises for Arkansas, Louisiana, Oklahoma, and Texas. The regional divisions correspond with the states

represented by AAFPE regions - North Central, Pacific, South Central, Northeast and Southeast. In addition to federal research exercises, this South Central Region workbook includes state-specific assignments for Arkansas, Louisiana, Oklahoma, and Texas. State exercises include those on common types of laws, regulations, and case law in each state.
