Valerie Atkinson : Legal Research via the Internet before purchasing it in order to gauge whether or not it would be worth my time, and all praised Legal Research via the Internet:

1 of 1 people found the following review helpful. Great foundational book By Bao Nguyen Great book covering the basics of legal research on the Internet. Very easy to read. Many useful URLs for legal searches, although, many are

obsolete. 0 of 0 people found the following review helpful. Excellent book
By Magister Iuris
Excelente libro para la investigacin jurdica en internet. Excellent book for legal research through the internet. Superb livre pour la recherche juridique sur la net.

Researchers of the law are sure to benefit from the legal/technological guidelines for conducting "Legal Research Via the Internet." Beginning with a comprehensive overview of legal research, the book progresses in discussion with detailed use of the Internet as a research tool and its association with substantive law. It covers the research process, security and privacy issues, as well as providing Internet Legal Research Tasks, and numerous references for review. The book shows how to solve researching problems, explains necessary factors in staying motivated, and how to avoid potential obstacles in the research process. Useful suggestions promote efficiency, helping the researcher to pathfind in an organized way. The straightforward presentation of the material facilitates reading and application of research methodologies, making "Legal Research Via the Internet" a superior choice for obtaining the information you need to know.
