This book was so well written and descriptive that even those with minimal legal researching knowledge will be able to understand. It comes with lots of examples, which is very useful.

The book is captivating and I would highly recommend it!0 of 0 people found the following review helpful. Boring but learned a lotBy ToyaVery informative8 of 8 people found the following review helpful. A really readable book about the lawBy Antoinette DevereauxThis book is surprisingly readable. Although the subject matter sounds dry, the author makes it very accessible. You can feel her enthusiasm for the law as you read. Packed with information and references, I will keep this book after my class is over.

A clear, well-organized text for the introductory legal research and writing course, designed specifically for paralegal students.
