**S. Whittington Brown : Legal Terminology** before purchasing it in order to gage whether or not it would be worth my time, and all praised Legal Terminology:

2 of 2 people found the following review helpful. Very helpful!By NikiI'm taking my first semester of classes towards a paralegal certificate, and even though I've just started using this book as a supplement to my coursework, I've noticed it's helped me retain a lot of information! The chapters are clearly organized and easy to read, and it doesn't take much time to do the enclosed exercises. I've found that by the time I finish the exercise for each chapter, I can come up with terms I didn't know an hour ago by their definition alone. I'm really glad I went with my instructor's recommendation and bought this book!:)1 of 1 people found the following review helpful. You Did Good!By SWaltherThis item took a little longer then expected but I got it, it was in great shape, and I am very happy with this book. It was definitely the right price and I couldn't be happier with the book. There was very limited highlighting and it looked good compared to the type of book it is. My last book like this fell apart in about one weeks use. Thanks alot!1 of 1 people found the

following review helpful. Great book! By Tina Hernandez Great Legal Terminology book. I have several and this one is my favorite. I like the mini tests at the end of each chapter and I like that it is spiral bound.

The key to understanding the legal profession is developing a true understanding of legal terminology. This text gives students the expert information they need to do just that. It explains complicated legal terms in accessible language and uses examples to help students understand the terms in context. The author employs an easy-to-read, narrative form with related terms and their definitions presented in logical sequence by chapter-unlike the format of a traditional legal dictionary. For example, in the chapter on domestic relations, students will follow a relationship from a couple's first meeting, to dating, moving in together, marrying, having children, contemplating divorce, and divorcing. Written as a text, study guide and reference manual, Legal Terminology for Legal Professionals will enable students to succeed in the law office setting by helping them acquire a meaningful understanding of the terminology they will face every day.

none provided From the Back Cover Featuring easily-digested short chapters; clear, concise explanations of the law; and easy-to-understand definitions, this book covers over 1,000 legal terms and features an abundance and variety of exercises. Included in this book are chapters on Intellectual Property and the Law of Bankruptcy, statutory and case law. The glossary has been relocated for easy access and large type is used. This book includes sample legal forms, legal documents, maps and cartoons. It offers flashcards for extra practice and perforated pages for easy removal. It provides a wealth of exercises e.g., study guides, true-false questions, matching exercises, fill-in-the-blank exercises, and crossword puzzles. It requires readers to use legal terms in the proper context. Excellent for people working in any phase of the legal field such as courthouse personnel, attorneys' offices, County prosecutor's office, real estate field, banking field. Good source of information for legal professionals to give to their employees. About the Author Director of Personnel, Arkansas Department of Human Services, Division of Developmental Disabilities Services; Adjunct Faculty, Pulaski Technical College; B.A. from Rhodes College; Juris Doctor from University of Arkansas
