**Oliver Kaye : Legally Kidnapped** before purchasing it in order to gage whether or not it would be worth my time, and all praised Legally Kidnapped:

A real life story disguised to protect the child involved. The story embraces powerful human emotions from possessive jealousy to extraordinary parental deceit, at the same time overcoming infertility problems and the dogged determination to get a rung on the farming ladder. A roller coaster of extreme emotions that are finally eclipsed by the shenanigans by the professionals in the Family Court system, leaving an ending that beggars belief.

About the Author I engaged a professional ghost writer to rewrite the account I wrote for my child. This book is based on the real life experience of how I lost everything dear to me in my life. I was an organic dairy farmer with a successful nationwide yoghurt business. After drifting for several years through various jobs that allowed me to focus on my child, I have recently retrained as a plumber. I now live in the South Downs National Park, one of England's finest landscapes. I am now able to pursue one of my other passions: watching wildlife and exploring wild scenery.
