Marcia Boumil, David Sharpe : Liability in Medicine and Public Health (American Casebook Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Liability in Medicine and Public Health (American Casebook Series):

Because the facts are so important and interesting in medical liability litigation, the authors of Boumil and Sharpe's Liability in Medicine and Public Health have selected cases with thorough statements of facts, as well as intelligible discussions of law. The authors have avoided including medical and legal horror stories; instead, a good many cases illustrate commonplace situations in medical practice that lawyers have to discuss with doctors over and over. The medical practitioner orientation looks at negligence, informed consent, bioethics, and insurance through the eyes of

doctors and other healthcare providers. The authors are not plaintiff-oriented or defendant-oriented; they are trying to show the interplay of lawyers and doctors in many roles. This law school casebook: Covers medical liability claims and allocation of liabilities Discusses treating the medical liability crisis regarding insurance Examines claims against multi
