Isaac Gilman : Library Scholarly Communication Programs: Legal and Ethical Considerations (Chandos Information Professional Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Library Scholarly Communication Programs: Legal and Ethical Considerations (Chandos Information

Professional Series):

Libraries must negotiate a range of legal issues, policies and ethical guidelines when developing scholarly communication initiatives. *Library Scholarly Communication Programs* is a practical primer, covering these issues for institutional repository managers, library administrators, and other staff involved in library-based repository and publishing services. The title is composed of four parts. Part one describes the evolution of scholarly communication programs within academic libraries, part two explores institutional repositories and part three covers library publishing services. Part four concludes with strategies for creating an internal infrastructure, comprised of policy, best practices and education initiatives, which will support the legal and ethical practices discussed in the book. Demonstrates the importance of creating a policy infrastructure for scholarly communication initiatives. Offers a novel combination of legal and ethical issues in a plain, approachable format. Provides samples of policy and contract language, as well as several case studies, to illustrate the concepts presented.

"...highly recommended for institutions with library schools and for academic libraries overall. Students and those seeking to work in repositories will also benefit."--*Australian Library Journal*, Vol 63, No 4 A careful, authoritative, and comprehensive guide to the ethical and legal issues of library publishing and scholarly communications. Informed and informative, it is well-documented and remarkably thorough; an essential resource for all library publishers and repository managers., Paul Royster, University of Nebraska-Lincoln About the Author Isaac Gilman is Associate Professor and Scholarly Communication and Publishing Services Librarian at Pacific University, USA. In addition to managing Pacific's institutional repository, known as CommonKnowledge, Isaac has taught courses in scholarly publishing and research methods and has served as co-chair of Pacific University's Institutional Board. He is the co-founding editor of the *Journal of Librarianship and Scholarly Communication*, and the holder of an MLIS degree.
