Mr. John Jesse Nelson : License to Cheat: The Hypocrisy of Nevada Gaming Regulation and the Exploitation of the Federal Courts before purchasing it in order to gage whether or not it would be worth my time, and all praised License to Cheat: The Hypocrisy of Nevada Gaming Regulation and the Exploitation of the Federal Courts:

2 of 2 people found the following review helpful. a good readBy RoyI am from a family that had a member with

addiction issues with gambling many of John thoughts and comments I saw in the book I have seen in my father. I also have known John from the age of ten, over 50 years, he may have a gambling addiction but I have never known him to have a truth problem. This book was well written, researched and footnoted excellent. 0 of 0 people found the following review helpful. Wow! By Linda Robles WOW! What a sobering book to read. Anyone that likes to gamble this is a must read. We tell ourselves that we would never let our gambling get out of hand. "I can handle it". In John's story, the reader can really feel just how intense a gambling addiction can be. How the brain is trapped with all that is gambling. All its parts...and see how the psychological damage of long term gambling addiction can end up consuming a very bright person. SOBERING!! 1 of 1 people found the following review helpful. A great look into the seamy side of gaming law. By H. G. While many of us have preconceived ideas regarding the law and its fairness in regard to big time casinos, Mr. Nelson shows us that it is well worth a closer look. Nelson explains in language that makes even an inexperienced gambler unable to ignore the injustice, while also providing a rare glimpse into the life of a gambling addict. Read this book before making a trip to Vegas...you won't be sorry!

License to Cheat weaves a saga of deceit, corruption and addiction in this expose on the underbelly of Nevada's gaming industry. The author takes to task the MGM Grand Hotel Casino, LLC and the various players on the gaming board and legal system who initiated an unlawful scheme which took advantage of his gambling addiction. When smoke and mirrors are peeled back to expose the use of a multitude of false written statements by public officials, there is a story to be told.
