Paul Bosanac : Litigation Logic: A Practical Guide to Effective Argument before purchasing it in order to gage whether or not it would be worth my time, and all praised Litigation Logic: A Practical Guide to Effective Argument:

2 of 6 people found the following review helpful. A 'must' for any serious law library or student collection By Midwest Book Review LITIGATION LOGIC: A PRACTICAL GUIDE TO EFFECTIVE ARGUMENT reviews the rules of legal logic and the arguments attorneys are ethically prohibited from making. It offers explanations of litigation

processes, keys to winning an effective argument, insights on common fallacies in the legal argument arena, and how to assess and use tools to win legal arguments. A 'must' for any serious law library or student collection.

Learning to use, and defend against, informal fallacies are the keys to effective argument. This one-of-a-kind book examines informal fallacies and features a three-page Legal Logic Flow Chart to help identify the appropriate informal fallacy and counter them. Through the flow chart this book provides two legal examples on which to practice using the chart. This book is ideal for any lawyer who wants to craft a flawless argument.
