From Nova Science Pub Inc : Load Carriage in School Children: Epidemiology and Exercise Science (Children's Issues, Laws and Programs) before purchasing it in order to gage whether or not it would be worth my time, and all praised Load Carriage in School Children: Epidemiology and Exercise Science (Children's Issues, Laws

and Programs):

Concerns have been raised over the years about the backpack or school bag weight of children in countries world-wide. A strong association was found between habitual heavy backpack carriage and spinal symptoms such as fatigue, back pain, numbness, shoulder pain, and even spinal deformity. This book reviews research on load carriage among children.
