Galen F. Griep, Sharon Stuart McRee : Looking Ahead With Living Trusts before purchasing it in order to gauge whether or not it would be worth my time, and all praised Looking Ahead With Living Trusts:

0 of 0 people found the following review helpful. I could talk intelligently with my lawyer!By gato gordoMy book came with an insert about the most recent changes in estate tax law. I was really impressed that the publisher would go to the trouble. The book was very helpful and I made a lot of notes, which I used when I checked out several lawyers about estate planning for my family. The lawyers were very surprised that I had such a good background and could ask questions. The book helped me decide which lawyer to choose. Everything worked out very well and I've given the book to my brother. Now he is doing estate planning, also.

Avoiding intimidating lawyer talk, is like having a conversation with a trusted friend. This breezy read is highlighted with cartoons diagrams and comparative charts and presents vital information to the legal consumer in a reader-friendly way. Looking Ahead is straight to the point and offers the reader valuable tips for making informed and thoughtful estate planning choices. Galen F. Griep and Sharon Stuart McRee are attorneys specializing in estate planning a subject on which they teach and speak.

From the PublisherWell organized straightforward witty...Absolutely essential...an enjoyable read. Highly recommended!
