Charles E. Rounds, Jr. : Loring: A Trustee's Handbook, 2008 Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Loring: A Trustee's Handbook, 2008 Edition:

0 of 1 people found the following review helpful. Not a lawyerBy Linda MurrayThere are lots of lawyers in America and while it seems that part of their job is to obscure law so we have to hire them, this book is an exception to that. This book is a great survey of trust law - from information about the players (grantor, trustee, beneficiary) to case

reference. This book is a review that is more in laymans terms than other standard law books. Get it to educate yourself if you have kids and want to gift them money carefully, need to start thinking about estate planning due to aquired wealth, or want to understand what a trust is being a beneficiary of one.1 of 1 people found the following review helpful. Great bookBy Joel A. BernsteinThis book for us Trusts professionals is absolutely wonderful. It is a pleasure to read and a must for anyone with any link to the trust world. By far the most readable book on the topic, it's a must have.0 of 0 people found the following review helpful. Fantastic book on trustsBy Joel A. BernsteinI am a practicing trusts/estates attorney and find this book to be absolutely worthwhile and great to read. The author writes in a way that allows you to understand the law of trusts in a way that is unique. The book refers you to the the lengthier treatises for further review but...No real need to go further unless you have the time.The book is a concise approach to understanding trusts and a must have for anyone whom deals with them. It's a steal!

Loring: A Trustee's Handbook is regarded as the most convenient, reliable, and complete source for trust advice. Get in-depth information on how to stay on top of the developments in this complex field of practice. Loring brings you up to date on the latest cases, statutes, and developments such as: The Trustee's Liabilities, including discussion of the standing to seek judicial relief for a breach of trust; Defenses to breach of trust claims; Damages, penalties and denial of compensation for costs and fees; Special Types of Trusts including exploration of the Quitclose Trust and the Private Sector Blind Trust; Examination of the Supreme Court's decisions in cases such as Brown v. Legal Foundation of Washington and U.S. v. White Mountain Apache.
