Mary Garvey Algero : Louisiana Legal Research, Second Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Louisiana Legal Research, Second Edition:

This book is written to assist attorneys, law students, paralegals, librarians, and others in researching legal materials

effectively and efficiently. While focused on Louisiana law, the book provides the reader with information necessary to research federal law as well as the law of other jurisdictions. The book is user-friendly, providing information about legal research in a straightforward, practical format. The book is a must for anyone conducting legal research in Louisiana and is an excellent guide for legal research novices. In addition to discussing research techniques, sources, and strategies, the book explains the primary legal traditions in the United States and the basic structure of court systems in the United States. Against this backdrop, the book highlights the unique characteristics of the Louisiana legal system, including the State's reliance on the Civil Code, statutory law, and the value of precedent in Louisiana. The book also provides specific information on both print and electronic sources for locating law and gives guidance to the researcher on which sources are most efficiently used to research various types of information. The book touches on strategies for presenting legal arguments and provides information on citing legal sources in accordance with Louisiana custom as well as The Bluebook and the ALWD Citation Manual. The book even provides its readers with a bit of lagniappe (lanyap), a word used in Louisiana to mean something extra or an unexpected gift. Louisiana lagniappe text boxes found throughout the book provide readers with interesting, historical facts relevant to the sources being discussed. This book is part of the Legal Research Series, edited by Suzanne E. Rowe, Director of Legal Research and Writing, University of Oregon School of Law.

The tone of Louisiana Legal Research is right on target for new, harried law students, telling them precisely what they need to know...Louisiana Legal Research is an easy-to-use guide for those new to Louisiana legal research...making the book worthy of consideration as a text-book in first-year legal research courses or by those teaching legal research to other Louisiana audiences. Louisiana Legal Research is recommended for all law and public libraries in Louisiana. Louisiana colleges and university libraries with prelaw or paralegal programs will also find it a worthy addition to their collections. --Law Library Journal
About the Author Mary Garvey Algero is the Warren E. Mouldoux Distinguished Professor of Law, Director of the Loyola Legal Research and Writing Program, and Co-Director of the Westerfield Fellows Program at Loyola University New Orleans College of Law.
