Law School Administration Council : LSAT: Triple Prep Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised LSAT: Triple Prep Volume 2:

26 of 33 people found the following review helpful. Actual tests are absolutely vital for successful preparationBy A CustomerFor anyone contemplating law school, the L.S.A.T. is a necessary evil. Finding books that purport to help the student prepare for the test is not hard at all, but many of them do more harm than good. The single most important thing for the soon-to-be test taker is practice on actual tests, and that's precisely what this book delivers. Because the L.S.A.T. is a copyrighted test, very few books available contain actual tests. The authors of the books that purport to help students prepare for the L.S.A.T. therefore often make up their own exams. There is nothing inherently wrong with practicing on test questions that are not genuine, but problems certainly can arise. For example, the sample questions may not be based on the most recent exams or may simply be very poorly thought out. There's also the

serious problem that can occur when the sample questions are, quite simply, wrong. The L.S.A.T. is not perfect, but at least you're studying the actual questions, be they right or wrong. Further, when the test nears, the student can time him- or herself far more accurately using actual tests. Note, however, that the tests reproduced in this book contain only four sections, while the actual tests contain five sections. The L.S.A.T. contains a section that is not graded but is instead used to test questions for future tests. Those sections are not reproduced in this book. No matter what non-official books the student uses to prepare for the exam, actual tests are vital, and that's what this book provides. And with the L.S.A.T. such a vital part of the application process, it is far better to prepare with these tests than to be caught by surprise in the exam room. 7 of 8 people found the following review helpful. VITAL for LSAT preparation

By I am C, Not X
Obtain as many copies of Official LSATs as you have time to take under testing conditions and to extensively then review and analyze your EVERY response, regardless of whether you answered with a correct or incorrect answer choice. Take the LSAT ONCE.
