Tanya Starnes, Arthur G. White, Jennifer A. Becker : Mad at Your Lawyer? (Nolo Press Self-Help Law)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Mad at Your Lawyer? (Nolo Press Self-Help Law):

1 of 1 people found the following review helpful. Love it!By Michelle B.Sent this to an incarcerated friend - boy has it come in handy! No nonsense, plain talk, tells it like it is and advises on what you can do about an attorney that has thrown you under a bus.

What can you do when your lawyer stops working on your case, settles without your authorization, refuses to pay you your settlement, or overcharges you? A malpractice attorney with over 18 years of experience reveals what the most common complaints against lawyers are and how to deal with them, what clients should reasonably expect from their lawyers, and much more.

From Library JournalThese two books are written by lawyers for people who have a quarrel with the way an attorney has handled a legal matter on their behalf. They discuss what constitutes malpractice and how to take action. Herskowitz's effort is basic and logical. She works through the primary causes of conflict between clients and their counsel, with discussions on financial misconduct, ineffective assistance of counsel, conflict of interest, and contractual breaches. There are plain language definitions and brief, practical examples of specific instances of

attorney wrongdoing. The American Bar Association's Model Code of Professional Responsibility is reproduced, along with the malpractice laws of selected states. Mad at Your Lawyer covers the same territory in greater depth. For example, both books have chapters on conflicts of interest. But in addition to defining the issue and presenting examples, as Herskowitz does, Starnes offers a table of state regulations and cases governing lawyers' sexual relations with clients and a chart of state rules in regard to lawyers advancing money to clients. There are sample letters to be used to obtain files in the possession of a lawyer and an excellent discussion of fee arrangements. Legal Malpractice may be adequate for those seeking a nutshell approach, but Mad at Your Lawyer gives more bang for the buck and is recommended for most legal self-help collections. ?Joan Pedzich, Harris, Beach Wilcox, Rochester, Copyright 1996 Reed Business Information, Inc.
